EXPERIENCE

SELF-EMPLOYED
Edinburgh, UK
Feb 2015 - Ongoing

FREELANCE INDUSTRIAL DESIGNER
Experienced freelancer for projects in healthcare, furniture, spacial design, and tech. Services include design research, usability audits, experience design, concept development, industrial design, and spatial design.

MONEY DASHBOARD
Edinburgh, UK
Aug 2019 - Ongoing

DESIGNER & RESEARCHER (REMOTE)
Money Dashboard is a free personal financial management service on mobile and web in the UK. My role has been to conduct qualitative and quantitative research, and translate business and user needs into a new mobile app design through sketching, wire-framing and prototyping.

ITO DESIGN
Cham, Switzerland
Jun 2016 - Sep 2018

INDUSTRIAL DESIGNER
ITO is a design studio specialising in design for the office environment. As part of a small team in Switzerland, I led client projects to identify new opportunities through research, develop concepts through sketching and prototyping, and deliver CAD designs for manufacture.

BLUE SKY
Sydney, Australia
Jun - Dec 2014

INDUSTRIAL DESIGN INTERN
Blue Sky is an Australian consultancy focused on customer experience design. During my internship, I supported a retail banking redesign project for ANZ bank in Australia through the entire design process. I continued freelancing with Blue Sky on related projects until 2016.

EDUCATION

CARLETON UNIVERSITY
Ottawa, Canada
Sept 2011 - June 2016

BACHELORS OF INDUSTRIAL DESIGN
Course requirements across business, psychology and design. My thesis project was conducted with support from Herman Miller to address supply storage and administration issues in Canadian ICUs.
Awarded the Provost Scholarship for academic research in 2016.
